PRN # 14 – 07A

June 2, 2014

Intermec CS40 Mobile Computer Imminent Retirement Notice and Accessory Information

This notice serves as an update on formal communication of Honeywell Scanning & Mobility's intent to discontinue the manufacturing of the legacy Intermec CS40 Mobile Computer and associated accessories.

Regions Affected:

- Asia Pacific (AP)
- Europe, Middle East, India, Africa (EMEIA)
- Latin America (LA)
- North America (NA)

Due to the combination of CS40 component availability issues and the recent release of the Honeywell Dolphin 60 Scanphone, effective immediately, all CS40 orders will be fulfilled based on available inventories.

Manufacturing has approximately 100 CS40 units remaining. Once this inventory is exhausted, we cannot support any additional requests or orders. As a reminder, PRN # 14 -07, released on April 9th, stated that the retirement dates were "**subject to inventory availability and are subject to change without advance notice**". Note: The Distributor network has additional quantities of CS40's available.

Part Numbers	Last Time Buy	Last Time Ship	Stock Rotation Request	Stock Rotation Return	End of Service Date
See below	Imminent	12/31/2014	6/30/2014	7/15/2014	12/31/2017

Note: Service contract end of buy and end of service dates will be provided under a separate product retirement notice.

A 10% list price increase was implemented, effective May 2014.

No new hardware or software upgrades are planned for the remainder of the CS40 production. Affected part numbers include:

Recommended Replacement Products:

Customers seeking a scanphone replacement to their CS40 mobile computers should migrate to **the new Honeywell Dolphin 60s**. As the newest offering in Honeywell's Mobility scanphone line (released Q4 2013), the 60s will appeal to customers seeking an entry level price, hard key data entry, medium-duty scanning, and a durable, pocketable device. Additional features include: Microsoft WEH 6.5, 3G UMTS/HSPA, 802.11 a/b/n, 5 Mpx camera, BT, GPS, 2D Imager and extended battery pack.

For customers interested in Honeywell's latest **enterprise hybrid device**, the **Dolphin Black 70e** successfully marries size, style and usability of a consumer device with the reliability and longevity of a traditional rugged handheld. Additional features include: Microsoft WEH 6.5 or Android, 3G WWAN, 802.11 a/b/g/n, 5 Mpx camera, BT, GPS, 2D imager and extended battery pack option.

Product Retirement Notice

Service

Under normal conditions, Honeywell supports a product for a minimum of 3 years, though typically longer, after product retirement. Honeywell's ability to continue support after the initial three year period is dependent upon availability of spare parts and vendor obsolescence issues that are beyond Honeywell's control.

Medallion Contract Renewals

Now is the time for your customers to protect their CS40 by renewing or extending their current contract. Customers should be encouraged to contact their local Honeywell representative for more information on maintenance contract renewal.
